Our BluePreferred PPO for Individuals health care plans have standard rates and rates for tobacco users. You may be eligible for a standard rate if you haven't used any tobacco products (cigarettes, cigars, chewing tobacco or pipe) during the 12 consecutive months before your application date. If you're applying for family coverage, we'll individually rate each person listed on your application based on the person's tobacco use. To calculate tobacco rates, multiply the base rate by 1.2, then round down to the nearest dollar. Note that rates calculated will be within \$2 of actual rates.

How to Calculate Your Monthly Rates.

Basics: Find the Medical Rating Area you live in based on your Zip Code (see the top of each rate chart for description of region). Calculate rates based on customer's age the first of the month that they are requesting coverage.

Want to enroll 1 member?

Find the member's gender, and under the age column, locate the member's age to find the rate.

Want to enroll 2 or more members?

Find the rate for each member based on their gender and age in the chart. Total the rates for all members.

Note: Only the three youngest dependent children will be billed. There is no premium charge for additional children.

Family coverage can include an unmarried child who's under age 24 and either financially dependent on the parent or who has the same legal residence as the parent. At the end of the month when the child turns 24, we'll automatically terminate the child's dependent coverage on the policy. However, the child will then have the option to continue the same coverage on his or her own policy. If an unmarried child age 19 or older has a medically certified disability and is dependent on the parent, we must be notified in writing about the child's condition for the child to qualify for the dependent rate.

We'll make final coverage and rate determinations after we receive, review and accept your signed application.

Anthem will usually adjust rates every 12 months; however, we may adjust more frequently in accordance with the terms of the health benefit plan. If we do, we'll notify you in writing at least 60 days before your new rate becomes effective.
